Subject: Regarding procurement of Smart Interactive Boards for classrooms

Respected Sir,

To teach cutting edge subjects and technologies, we require smart Information Communication Tools (ICT). So we require to have Smart Classrooms equipped with Smart Boards. In addition to this, we are about to face NBA and NAAC (Cycle-2) accreditations in recent future. As per NBA and NAAC norms, we supposed to have Smart Classrooms.

In this regards, we have seen demonstrations of two vendors. All the HODs were present there. As per opinion of all we should procure at least seven Smart Interactive Boards for our institute.

The cost of Smart Board is from Rs. 1,06,000/- and above.

This is for your kind consideration and approval please.
